

How does it affect your neighborhood?

Find out at the January 13 CFLCA Meeting

We adopted our Vision Plan

in April

of 2013. The Strategic Plan, Press Play Fort Lauderdale, implements the Vision for the next five years. Projects, Policies

and Priorities are supposed to be set according to these plans. Is this working out and how does it affect you, your family and your neighborhood? The Plan is organized around seven Cylinders of Excellence that correspond to the 12 aspirational goals. So for example:

Goal 2: Be a sustainable and resilient community. Fort Lauderdale's roadways and bridges, water and wastewater systems, and drainage infrastructure will be more structurally sustainable to meet the needs of current and future generations. This will make our City increasingly resilient to inclement weather, high tides, future water demands, and a growing population. Our community will utilize sustainable construction techniques and efficiencies to blend buildings with the natural environment, and increase recycling practices to minimize our environmental impact.

What is the City doing to reach this goal? What are we doing in our neighborhoods and in our homes to reach this goal? What can we do together and can we find partners to work with and increase our reach and impact?

Save the Date February 12, 2015

The February 10 General Membership Meeting is cancelled so that we can all go to the second annual **Neighbor Support Night** at City Hall. Get the word out to all your members.

You can talk with the City Manager, the Neighborhood Support Team and Department Heads. Register at the CFLCA booth and the Association with the most attendees wins a prize.

ABOUT THE COUNCIL

The Council of Fort Lauderdale Civic Associations is a strong organization made up of civic leaders in our city. Each Member Association sends a Representative to participate on the Council. Meetings are held monthly at City Hall every second Tuesday at 7:00 p.m. in the Commission Conference Room. Everyone is welcome.

CFLCA addresses the issues and concerns of the Membership, as well as provides informative speakers on City and County hot topics. Members participate in committees that tackle the pressing issues facing our city. Decisions are brought to the Mayor, City Commissioners and City Manager with the hope of directing them in ways that ensure the needs, prosperity and health of all our member associations. Won't you please join us at our upcoming meeting?
