To Mayor and City Commission,  
City Of Fort Lauderdale

Poinciana Park Civic Association Board is requesting the City Commission consider enacting more effective ordinances concerning halfway homes/sober homes in the City of Fort Lauderdale. There is an opportunity to address, through improved ordinances, the challenges that are being faced in the City and our neighborhoods by halfway homes/sobers while also improving the opportunity for residents of hallway homes/sober homes to complete their recovery in safe environments. [The PPCA Board reviewed the new halfway home/sober home regulations the City of Delray recently enacted and the Board believes the regulation other municipalities such as the City of Delray Beach could be an appropriate example for us as a City to follow.](#)

Thank You

Raymond Dettmann  
President  
Poinciana Park Civic Association
