

## April 14 "Where does all the density go???"

The City Commission held two workshops this year to talk about development density. Issues included: expanding the downtown core (YES), increasing the number of housing units downtown (YES YES), reallocating Flex Units (MAYBE), development along the major streets corridors (HOW AND HOW MUCH), along the beach (NOT SO MUCH), affordable housing (WHAT?). City staff will present the report "Density Patterns" to the Council so we can contribute to the discussion with our unique perspective of neighborhood preservation and quality of life. The final workshop will be in May.

You can read the whole report at

At the April 14 meeting we look forward to a conversation with Police Chief Adderley regarding recent incidents involving Fort Lauderdale Police Officers. The quote below is from the invitation letter, which he accepted.

*"This reprehensible behavior toward members of our community, our neighbors and friends is outrageous and will not be tolerated. We want to know from you what happened, when and how it was discovered, what did you do and what are you doing going forward. "*

You can read the letter to Chief Adderley here

### ABOUT THE COUNCIL

The Council of Fort Lauderdale Civic Associations is a strong organization made up of civic leaders in our city. Each Member Association sends a Representative to participate on the Council. Meetings are held monthly at City Hall every second Tuesday at 7:00 p.m. in the Commission Conference Room. Everyone is welcome.

CFLCA addresses the issues and concerns of the Membership, as well as provides informative speakers on City and County hot topics. Members participate in committees that tackle the pressing issues facing our city. Decisions are brought to the Mayor, City Commissioners and City Manager with the hope of directing them in ways that ensure the needs, prosperity and health of all our member associations. Won't you please join us at our upcoming meeting?
