Re: City of Fort Lauderdale and Broward MPO Interlocal Agreement
(ILA) for Transportation Planning Services

On August 26, 2019 the Council of Fort Lauderdale Civic Associations, Inc. (“CFLCA”) held its Board Meeting at the Fort Lauderdale City Hall. All Board Members were in attendance.

The matter of the Proposed City of Fort Lauderdale and Broward MPO Interlocal Agreement (ILA) for Transportation Planning Services and the CFLCA’s August 22nd Special Meeting on the same were discussed. Upon close of the discussion the Board Members unanimously voted in support of the Proposed ILA *with the conditions* that City expeditiously hire a full time dedicated Transportation and Mobility Director for the Transportation and Mobility Department *and* provide the organizational chart/visual chart referenced in by City Manager Lagerbloom at the August 22nd special meeting to CFLCA President as soon as possible.

I thank CFLCA Board Member Christina Currie for curating questions, organizing and convening community residents, City and MPO staff to further review this matter in a public forum. We are also thankful to City Manager Chris Lagerbloom and MPO’s Executive Director Greg Stuart for their preparation for and participation during the August 22nd special meeting:
