Re: Tree Preservation Ordinance

On August 26, 2019 the Council of Fort Lauderdale Civic Associations, Inc. (“CFLCA”) held its Board Meeting at the Fort Lauderdale City Hall. All Board Members were in attendance.

The matter of the current City of Fort Lauderdale Tree Preservation Ordinance was discussed. The CFLCA Board of Directors unanimously requests the City move forward in strengthening the tree preservation ordinance, including stronger notice requirements and increase compensation referenced within the ordinance, all with the aim of encouraging preservation old growth native trees.

I thank CFLCA Board Member and Parks, Recreation and Beaches Board Member Brucie Cummings for bringing this to our attention.

Many thanks and warm regards,

Colleen Lockwood
President, CFLCA
